UTSAV RAUT

SYSTEM MANAGER

raututsav35@gmail.com | +977-9803873543| Khumaltar-15, Lalitpur, Nepal | www.utsavraut.com.np

CAREER OBJECTIVE

Accomplished System Manager and Tech Manager with a solid academic foundation in computing and computer engineering. Eager to leverage my extensive expertise in system control, client relations, and digital marketing in the tech industry. Driven by a passion for technological innovation and effective system management, I am enthusiastic about contributing to a progressive organization by implementing cutting-edge solutions that enhance both operational efficiency and customer engagement.

WORK EXPERIENCE

System Manager, Hub International Education   **Mar 2023 - Present**

Leading the management of CRM systems, I enhance client relations and elevate customer satisfaction through strategic marketing and branding initiatives. I execute promotional activities that effectively elevate the profile of our educational programs, attracting and retaining students. My efforts in streamlining communications and optimizing client interactions underpin our success in boosting enrollment and enhancing the educational experience.

Tech Manager, Farakdhar Media   **Mar 2024 - Present**

Steering technological projects and system enhancements at Farakdhar Media, I apply cutting-edge solutions to optimize operational efficiency and drive forward our digital initiatives. My leadership ensures the effective integration of new technologies that support both creative and operational goals. I collaborate with diverse teams to foster innovation and ensure that our technical solutions meet the dynamic needs of the media landscape.

EDUCATION

BSc (Hons) Computing   **Nov 2021 - Jul 2024**
Softwarica College (Affiliated with Coventry University), Nepal

Diploma in Computer Engineering   **Aug 2018 - May 2021**
Marwadi University, India

CERTIFICATIONS

British Council UK Agent Certification   **Jul 2024**
British Council

Digital Marketing Fundamentals Certificate   **Mar 2024**
IIDE - The Digital School

AWS Academy Machine Learning Foundations   **Jan 2022**
Amazon Web Services (AWS)
